- HM Government has introduced an Energy Price Guarantee which reduces the amount you will be charged
 per unit of gas or electricity from the 1st October 2022 for the duration the Government Energy Price
 Guarantee applies. This reduction is applied to your bill automatically. You do not need to take any further
 action. For more information please go to edfenergy.com/gepg.
- This bill is based on more than one estimated reading. Please check that you're not paying too much or too
 little for your energy by reading your meter. You can supply this to us at edfenergy.com or calling our
 automated system on 0333 200 5108.
- You'll see a number of different rates on your bill. This relates to a price change we made on 1 July 2023.
- Your smart meters currently send us readings daily.
